Benefits Resource Guide

Introduction

Where Do Veterans Go to Get Help?

Since 1886, Ohio has provided help for Veterans, their spouses and children, and surviving family members of deceased Veterans. These services are provided through County Veterans Service Offices in each county. Each office is funded by a portion of the assessed local property taxes to ensure these services are available.

These offices are staffed by certified and accredited service officers able to help Ohio's Veterans apply for all benefits earned by active military service and described in this publication. These benefits include:

- FEDERAL** – Disability Compensation, Pension, Healthcare, Education, Home Loans, Burial, and Survivor Benefits.
- STATE** – Veterans Bonus, Education, Employment, Healthcare, Home Loans, Ohio Veterans Homes, and Military Injury Relief Fund.
- LOCAL** – Claim Preparation & Assistance, Financial Assistance, Transportation to VA medical appointments, and Indigent Burials.

Veterans' spouses and other survivors may be eligible for federal and state benefits. County Veterans Service Offices can provide information concerning these benefits and will assist with the application process.

Introduction

Where Do Veterans Go to Get Help?

Each County Veterans Service Office will assist Veterans, or their families who experience financial emergencies. This short-term assistance varies with the individual abilities of each county. Such assistance may include payment of rent mortgage, food, utilities, car payment, or insurance.

An application process is required in all counties.

For details concerning the level of financial assistance and transportation available in a specific county, check with the local County Veterans Service Office.

Veterans are also encouraged to record their discharges (DD-214s) at their County Recorder's office.

This provides a duplicate record if a certified copy is needed as verification for Veterans benefits.

A listing of all County Veterans Service Offices can be found beginning on page 59.

Veterans can also find their local office by calling:

VHA Medical Centers provide a wide range of services including traditional hospital-based services such as surgery, critical care, mental health, orthopedics, pharmacy, radiology, and physical therapy.

In addition, most of the medical centers offer additional medical and surgical specialty services including audiology and speech pathology, dermatology, dental, geriatrics, neurology, oncology, podiatry, prosthetics, urology, and vision care. Health Care

Vet Centers

Description:

The VA provides mental health counseling for Veterans and families at seven Vet Centers in Ohio. The VA also operates a 365-day-a-year Veterans Crisis Line for Veterans and families.

Vet Center staffs provide individual, group, family, military sexual trauma, and bereavement counseling. Services include treatment for PTSD or help with any other military related issue that affects functioning within the family, work, school, or other areas of everyday life. Other services include outreach, education, medical referral, homeless Veteran services, employment, VA benefit referral, and coordination with local providers.

These services are a critical link in the overall health care available to Veterans. When negative events happen, people can experience a strong stress reaction. People may adapt normally, or they may experience an unusually intense response. This may also overwhelm one's ability to respond to challenges and it may cause a person to experience significant distress.

Homestead Exemption

Description:

Veterans who are rated by the VA as 100 percent disabled due to a service-connected disability are eligible for expanded Homestead Exemption property tax relief on their primary residential home. Instead of the \$25,000 allowed for other eligible 65-and-older or permanently disabled applicants, eligible Veterans can exempt \$50,000 of the assessed value of their primary residential home from property taxes, meaning that a home valued at \$150,000 will only be taxed at a value of \$100,000. These Veterans are also exempt from the \$30,000 limit on annual income applied to other applicants; eligible Veterans have no limit on their annual income.

Eligibility:

Veterans rated by the VA as 100 percent disabled due to a service-connected disability, without regard to annual income, and their surviving spouses who occupy the same home as the eligible Veteran. The expanded Homestead Exemption applies to tax years 2014 and forward.
